Continued from p. 1

It is a very common mistake to suppose that the
only way to get a good result is to use a large
quantity of material. In fact, the best results are
usually obtained by using a small quantity of
material, and by using it in a judicious manner.

[The following is a list of the names of the persons
who have been named in the preceding pages.]

For a full and complete list of the names of the
persons who have been named in the preceding pages,
